

Children's Internet Safety and Acceptable Use Agreement Key Stage 1

These e-Safety Rules help to protect children and the school by describing acceptable and unacceptable ICT use.

- I understand that it is wrong to use ICT equipment for a purpose not allowed by the school.
- I understand that if I knowingly break the rules for using the computers and internet, I may not be allowed some of my usual school privileges and my parents may need to know what I have done.
- I agree that when using the school computers I must use my user name and password, which must not be given to any person.
- I understand that I must not try to use software brought from home on the school computers.
- I understand that computers must be used sensibly.
- I understand that all messages shall be written carefully and politely.
- I understand that I will not pass on any messages without asking an adult first.
- I understand that I must not reveal personal information through the internet.
- I understand that I must be responsible when using the internet and must treat others with respect
- I should report any online bullying or any words or pictures that I find that upset me.

The school has the right to monitor the use of the school's computer systems, including access to web-sites, where it believes unauthorised use of the school's computer system may be taking place.

THE INTERNET

We have internet access on all computers in the school. It is filtered by Hampshire County Council via HSPN, a specialist internet filter.

Unsuitable sites are blocked and children **NEVER** access the internet without permission.

We use the Google search engine to search the web, which has a safe search feature permanently turned on. For more information please visit www.google.co.uk/safesearch_help.html.

While no system can be 100% effective, we think these safeguards mean that using the internet at school is as safe as we can make it.

We provide all children with a school email address. They will begin to use this in lessons during Key Stage 1. This is a safe and filtered email. This email address can be used at school and at home. All emails can be monitored by staff if there is a concern.

E-Safety Rules

All pupils use computer facilities including internet access as an essential part of learning. Please read the rules with your child and ask them to sign below.

Parents/carers are then asked to sign to show that the e-Safety Rules have been understood and agreed.

Child's Name:

Year Group:

Pupil's Agreement

I have read and I understand the school Internet Access and Acceptable Use agreement.
I will use the computer, internet access and other ICT equipment responsibly at all times.
I know that computer and internet access will be monitored.

Signed (by child if possible)

.....

Date:

.....

Parent's Consent for Internet Access

I have read and understood the school e-safety rules.

I understand that the school will take all reasonable precautions to ensure that pupils cannot access inappropriate materials.

I understand that the school cannot be held responsible for the content of materials accessed through the internet, but that it will make every endeavour to ensure that it is appropriate for learning.

I agree that the school is not liable for any damages arising from use of the internet facilities.
